Subject: FW: COLA Rate Increase Effective 1/1/07

FRIDAY'S MAIL

Brothers – this came in during my vacation. When I obtain the new rate tables after the new year, I'll forward in the usual manner.

Subject: COLA Rate Increase Effective 1/1/07

The National Agreements provide for a Cost of Living Adjustment (COLA) of 15 cents per hour to all UTU, UTU-E, and BLET covered positions effective January 1, 2007. All relevant rate schedules in TCS and CMTS have been updated and will automatically go into effect for crews called on duty after midnight January 1.

For employees who are still being called and paid in the TCS system, "trip rated" increases will not be completed until after the close of the last half December payroll. The same applies for individual fixed amount classes of time that are subject to increases, which are few. The design of the TCS system does not allow us to make these increases prior to closing the December payroll. Once the last half of December closes, we will complete the rate increase process for those fixed classes of time subject to increase, and the trip rates then begin an automated repayment process for all affected trips. We ask individual employees not to call the Timekeeping Customer Service Center before January 12, 2007 regarding pay shortages due to the January 1 rate increases in the "trip" rated areas or fixed classes of times that are subject to the wage increase.

For those employees being called/paid in the CMTS system, all applicable increases, including trip rates, guarantees, and fixed classes of time will be effective on January 1 as scheduled. Likewise, any employee being called/paid in TCS who does not work a trip rate job (yards, locals, switchers, etc.) will see the applicable rate increase in effect as scheduled.

Please forward this communique onto your local chairmen with a request that it be posted or distributed to the rank and file members in order to avoid any confusion regarding the timing of the rate increase process. In order for our customer service center to be able to handle their day to day inquires, it is essential they not be bombarded with questions regarding the rate increases in TCS that may not be completed until several days after January 1. If you see any discrepancies with CMTS rates immediately after 1/1/07, do not hesitate to contact myself, Tim Holmes, or Greg Cox.

If you have any questions about the process please do not hesitate to call me and thank you for your cooperation in this matter.

Cliff Johnson
Sr. Director - Timekeeping Operations
1400 Douglas Street - STOP PNG07
Omaha, NE 68179-0710
